beo

A versatile piece of furniture for relaxing that does not dominate the room. beo is reserved, but its design sets a tone. The frame can be supplied with welting in leather or alcantara. The welting and aluminium are combined to perfection, forming an item with many faces - as a bench, a couch or a chaiselongue, perhaps chaste, but maybe also playful.

Functions	Sofa couch with continuously adjustable headrest separate inclination positions adjustable by means of gas pressure spring mechanism
