spirit

A sofa with hidden functionality for lounging and making an impression. Vertical armrests with distinctive 45° partitions can be converted into a comfortable footrest by simply swinging them out and turning them over. This clever hidden functionality makes the sofa appear light and floating, a design that provides high levels of functionality even in smaller rooms.

Functions	Vertical armrests can be swung out and turned over for use as comfortable footrest
Options	Bolster can be pushed into backrest (subject to additional surcharge)
Upholstery	Leather Fabric
